The above is applicable Monday through Sunday, and reflects a general schedule. All support staff has breaks throughout the day as well.

Support Staff have one day off and several evenings off per week. Evening hours are arranged with your team and team leader. Sunday is a day when all staff and campers get to stay in camp for various unit and all-camp functions such as Chapel, All-Camp Campfire, Cook-outs, Banquet, and preparing for the next week's activities. Because of this, no one on staff has time off on Sundays.

Days/Nights off: Each staff member is entitled to one day off per week (starting at 8:00 a.m. and ending at 1:00 a.m.), which is agreed upon, by you and your supervisor or team leader. Staff may request specific days off and we usually grant them if we have sufficient coverage. Evenings off vary according to department team needs, but everyone will receive at least one evening off per week.

Dining Room: Meals are served in the Camp Dining Room for all staff and campers, each sitting in designated areas. We have cookouts (hamburgers and veggie-burgers) on Thursday and Sunday nights to give the cooks a break.

During time off: There is a support staff lounge area on the camp property with a TV, VCR, and refrigerator. Many staff go into town (only four miles from LOP and 13 miles from TE's). We do have a chain gate on the main road that is locked at 10:00 p.m. for security. Before that time, staff may drive into camp and park in their designated areas. After that time, staff may park their cars at the gate and walk to their living quarters. You must move your car in the morning **before breakfast** to its designated parking space. Staff members are to be back in their living quarters by 1:00 a.m.
